

PRERNA COLLEGE OF COMMERCE

Reshimbagh, Nagpur.
and

NABIRA MAHAVIDYALAYA

Katol, Dist. Nagpur.

Jointly Organize

A Two-day International Conference

On

'ENVIRONMENTAL ISSUES - GLOBAL WARMING: REASONS AND REMEDIES'

On Fri 3rd and Sat 4th September, 2021

Concept Note

It has become a matter of grave concern for the entire globe as to how to save our environment, especially in the face of numerous environmental problems like pollution, deforestation, threat to biodiversity and global warming. The ceaseless over-exploitation of natural resources in the name of industrialization, urbanization and progress has been playing havoc with our nature posing a great threat to the life on this earth. The gradual increase in the overall temperature of the earth's atmosphere is a direct result of increased levels of carbon dioxide, CFCs and other pollutants. The melting of the glaciers due to the global warming is also posing a tremendous threat to our existence on this planet, especially in coastal areas, as the water level of the oceans is likely to rise. The environmental issues demand prompt redressal for which collective efforts from all the nations have become imperative. This conference is intended to attract the attention of the concerned to these issues once again so that more and more efforts are directed to resolving these issues at the global level.

Day 1

Inaugural Ceremony

11:00 am to 12:00 Noon (IST)

Chief Guest
