One Day Botanical Excursion

Title: "One Day Botanical Excursion to Ayurvan Aura Park"

Date: 19th of November, 2022.

Participant: Students of B.Sc. First & Second year.

Department of Botany have organized a one-day Botanical Excursion for first- & second-year B.Sc. students, as a part of regular activity mentioned in university syllabus and as a regular program under MOU between Department of Botany and Aura Conservation Park (Ayurvan Aura Park). Students were taken to visit the Ayurvan Aura Park placed in Kathlabodi village near Bajargaon. The place is around 37 km from our college. Aura Conservation Park is a part of Ayurvan Foundation established by Mr. Ambarish Ghatate. This place is very enchanting and is dedicated for the conservation of medicinal plants diversity. More than 1200 species of different medicinal plants mentioned in Indian Ayurveda are cultivated here. The staff involved in the activities have detailed knowledge about the cultivation and medicinal practices of all these plants.

Total 55 students along with all the staff of botany department left for the Aura Park at 9.00 am by bus and reached at the destination at around 10.15 am. We had an introductory remark along with breakfast and students were educated about importance of our Indian traditional system and heritage traditional medicines. Then, students were grouped into two groups and one group taken on one side of the farm and other on other. In the afternoon students have enjoyed lunch prepared by farm grown organic vegetables. In the post lunch session students were taken to Nakshatra-Van and explained about the relation between our Indian Astrology and the plants related to them and their effect on human life. It was a captivating experience.

At the end we sign the Memorandum of Understanding between Ayurvedan foundation and Department of Botany, Nabira Mahavidyalaya Katol for helping each other in conservation and medicinal research related to Ayurvedic plants. We left the place around 4.30 PM and reached the college around 5.30 PM.

Outcome of the program: Students enjoyed the tour a lot as they got the opportunity to spend quality time with nature and learned a lot about the importance of our Indian Ayurvedic Culture. MOU was done for next three years.

Number of beneficiaries: Total 55 students of B.Sc. Botany first year & second year were benefited from this tour.
